Virtual TimeClock® Payroll Export Guide

Exporting to AccountEdge®

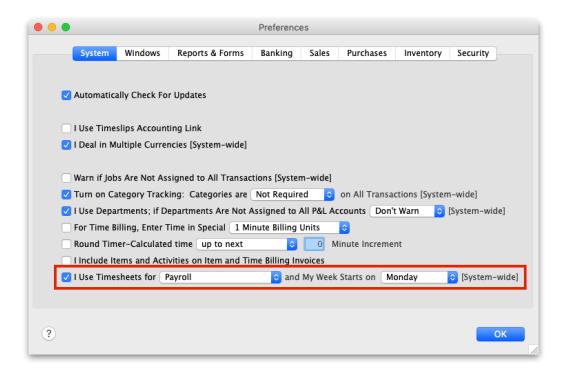

Virtual TimeClock will export a specially formatted time clock file that allows you to import employee hours into AccountEdge® Timesheets. To import files, you must complete a one-time setup. If you're enrolled in AccountEdge® Full Service Payroll, please follow the payroll exporting steps in the integration guide for SurePayroll®.

AccountEdge® Payroll Integration Setup

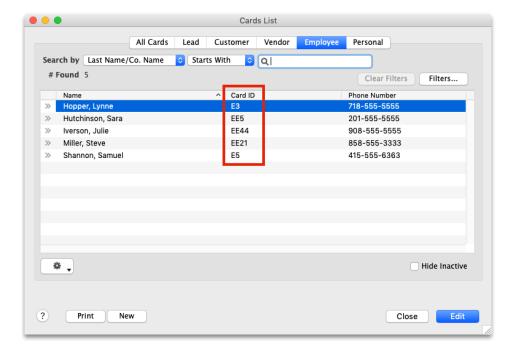

1. Setup your company for time clock integration. Select Preferences from the AccountEdge Promenu and click the System tab. Enable the I Use Timesheets for Payroll checkbox. Click OK.

Edit your payroll category names. Select the Payroll tab and click Payroll Categories. You will
need to edit the payroll category names to match the Virtual TimeClock field names you will be
exporting. Select a category name and choose Edit to modify the name. For example, Base Hourly
must be changed to Regular Hours, and so on. Common Virtual TimeClock fields to export are
displayed below.

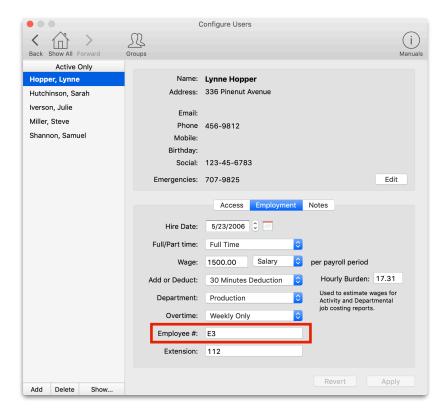

3. Locate Card ID numbers. When importing timecard hours, Virtual TimeClock Employee Numbers must correspond to AccountEdge Card IDs. Open the Card File tab click Card List. Now select the Employee tab to view Card IDs. In the next step you will need to match employee Card IDs to Virtual TimeClock Employee Numbers.

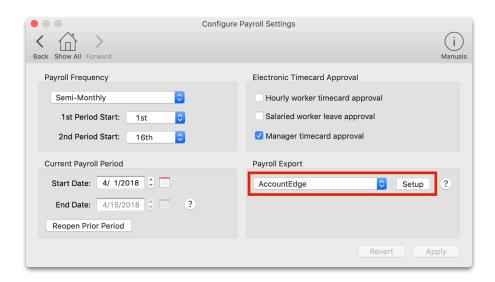

Virtual TimeClock Integration Setup

1. **Match employee ID numbers**. In order for timecard hours to properly sync in AccountEdge, you will need to make sure Virtual TimeClock employee IDs match the AccountEdge Card IDs exactly (see the step above). With Administration Mode enabled, choose **Users** from the **Configure** menu. Select

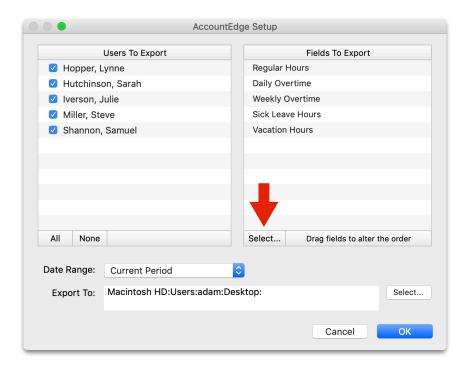

a user and click the Employment tab to view the modify the **Employee** # field. Repeat for each employee. If employee numbers do not match exactly, hours will not be imported.

2. **Setup your export defaults**. Select **Payroll Settings** from the **Configure** menu. Under Payroll Export, select the **AccountEdge**® from the pop up menu. Click **Setup** to select desired export fields.

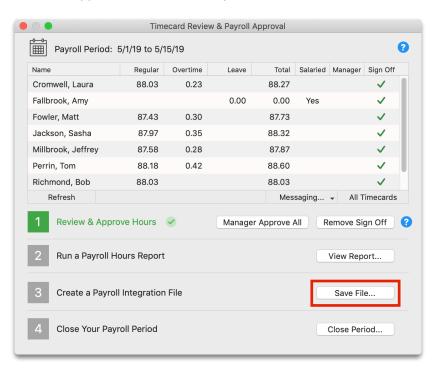

Under the Fields To Export list, click the Select button. Click on a field name to include the field in the payroll export.

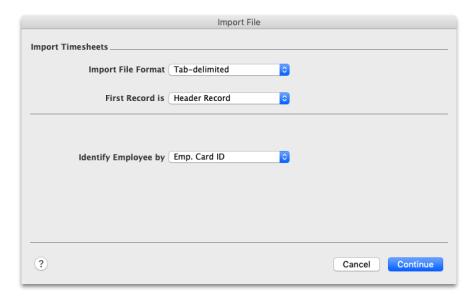

Exporting Payroll Hours from Virtual TimeClock

 Choose Approval from the Virtual TimeClock administrative toolbar to enter the Timecard Review & Payroll Approval dashboard. Once all timecards have been approved and signed off, click Save File. If a timecard is not approved, it will not be exported.

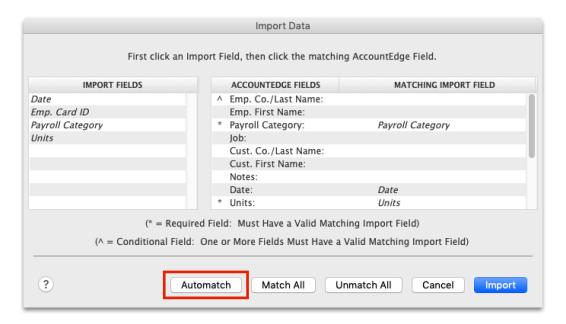

Importing Payroll Hours into AccountEdge® Pro

 Upload your time clock export file. Go to the File menu, choose Import Data and then Timesheets. From the Import File Format drop-down list, select Tab-delimited. From the First Record is drop-down list, select Header Record. From the Identify Employee by drop-down list, select Emp. Card ID. Click Continue.

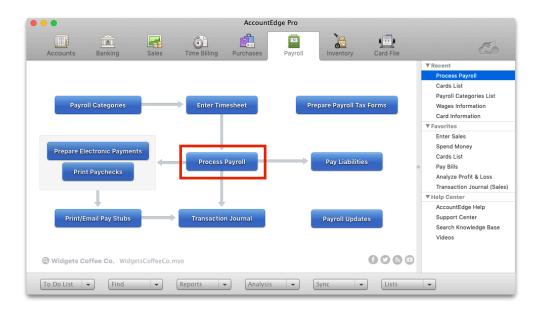

2. Click **Automatch** and then **Import** to import your time clock file into AccountEdge® Timesheets.

A message will indicate that timesheets have been imported. If any records were skipped, review the Import Log at the specified path to troubleshoot why records were not imported.

3. Open the Payroll tab and click Process Payroll to review, edit and approve your payroll hours.
